POCKET MONEY

Please provide your child with adequate pocket money before departure. Please ensure that it has been exchanged to GBP. We recommend at least £20 per day to cover the cost of any snacks, drinks, souvenirs and gifts.

We strongly advise that students make use of the school safes when they are here so they do not carry large amounts of cash with them.

Select English is committed to providing a high standard of welfare. It is their responsibility to make sure that students are happy and healthy during their stay at Select English. All our staff are happy to assist students with any issues they may have. In addition, all of our centres have trained first aid staff who can deal with any medical matters that may arise.

If your child gets sick during their stay, they should tell their Course Director who can arrange for them to see a doctor if necessary.

You must advise us in advance of any health conditions or allergies that your child has along with details of any medication they are taking. This can be provided on the Select English medical form.

Our Social Media sites are Facebook and Instagram.

LOSS, THEFT OR DAMAGE OF POSSESSIONS

Please do not send valuable items or large amounts of cash with your child. Theft, loss or damage to possessions is taken very seriously. If this happens, it should be reported to the Course Director immediately. We advise that students have adequate insurance to cover their possessions. If a student wishes to make an insurance claim they will need to advise the Course director who will report it to the Police and obtain a crime reference number.

The Junior and English plus course has a safe where money and documents can be stored. This is situated in the Course Directors office. It is a good idea to make photocopies of your child's travel documents prior to their departure in case of loss/theft as this will enable the relevant consulate to issue new travel documents.

Select English does not take any financial responsibility for items lost, stolen or damaged.
